2. Place the Micro SIM on the adapter

3. Turn OFF the mobile phone

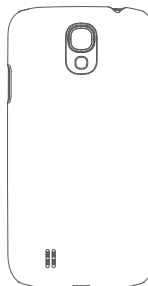

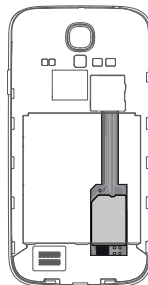

4. Remove the phone's battery

5. Insert the adapter in the mobile's Micro SIM slot

6. Replace the battery

7. Put the case on

Instruction:

1. Enter - Applications, "SIMore" icon appears:

Switch Number
Auto/SW
Setup

"Switch Number" offers SIM options: "SIM1" & "SIM2" which makes SIM work individually while "Auto/SW" makes both SIM work alternately.

2. "Setup" menu provides below options:

SIM1 NO.
SIM2 NO.
SIM1 Time:03
SIM2 Time:03

SIM1 NO. is to set numbers which SIM1 stands for.
SIM2 NO. is to set numbers which SIM2 stands for.
Default number is SIM1, another is SIM2.

Edit switching time by selecting "SIM1 TIME:03" and "SIM2 Time: 03."
Default switch time: 3 min.
Available switch time: 0 ~ 99 min.

Content:

·Dual SIM Adapter × 1

·Manual × 1
